4 chemin de la Dhuy
38240 Meylan
France

Author of the book "How to develop an innovative new product with agile methods"

Agility, innovation, project management

Marketing, R&D, product development

Ph.D. & Electrical Engineer

35 years experience

<http://kelibia.eu/innovation>

Professional experience

Marketing leader & project manager for growth initiative

Schneider Electric - since September 2015

Sales development of low voltage switchboards in low market share country

Product owner of Ecoreal XL configuration software for low voltage switchboards

Schneider Electric - July 2013 / August 2015

Leading an agile team of 15+ software & data developers

Software specification, customer tests, data management, UX, UI

Project manager for low voltage main switchboards Blokset & Okken

Schneider Electric - January 2006 / June 2013

Turnover 400 M€ Annual growth +20% Annual R&D budget 3 M€

Development of a special range dedicated to India

Management of 25+ persons in Brazil, France & India

R&D, marketing, cost reduction, commercial launch, manufacturing, purchase

Marketing product manager for modular enclosures

Creation of Pragma, Disbo Extra and Opale ranges

Schneider Electric - September 2001 / December 2005

Growth from 60 to 100 M€ turnover Penetration +25%

Customer tests in 20+ countries

Product & design management, communication, commercial launch, ergonomics

Project manager of a new range of miniature low voltage switchgear with innovative connections

Duoline 1st miniature circuit breaker without screw

Schneider Electric - January 2000 / August 2001

Turnover 60 M€ Project cost 10 M€

3 partnerships for main components

10 sites in France, Spain, Hungary, Italy, Germany, Ireland

Project management, ergonomics, customer tests, high volume manufacturing, R&D

Manager of miniature circuit breaker technical team

Schneider Electric - 1989 / 1999

Team and project management of 10 to 25 persons

Project cost from 3 to 25 M€

R&D, CAD, high volume manufacturing, platforming, IEC standards certification

Engineer then manager of corporate "technical coordination" team

Schneider Electric - 1985 / 1989

Teaching experience

Innovation & agile project management course

Université Joseph Fourier de Grenoble (Grenoble University) - *since 2003*

Electrical Engineering course

French Navy training center - Toulon - 1984 / 1985

Speeches & conferences

Management of innovation projects

Master Dicamp - École Nationale d'Ingénieurs de Tunis (Engineering School of Tunis) / *IHEC Tunis - 2014*

What is a successful innovation? + animation of an innovation workshop

ATFI Association Tunisienne des Femmes Ingénieures (Tunisian women engineer association) - *May 2017*

Books & publications

Printed book "How to develop an innovative new product with agile methods"

Éditions Eyrolles - 2011

Videos YouTube "Le Projet Fait Rage"

<http://go.shr.lc/2fWdHz9>

8 patents

<http://kelibia.eu/docs/patents>

Blog "Humeurs Mondialisées"

<http://humeursmondialisees.blogspot.fr>

Personal website

<http://kelibia.eu>

Printed book "Brèves de couloir - Bêtisier du langage d'entreprise"

Éditions Mango - 2007

E-books "Humeurs Tunisiennes" & "Humeurs Économiques"

Leanpub Editions - 2013 / 2014

Education

Ph.D. "High specific power electrical machine with permanent magnets"

G2ELab, former Laboratoire d'Electrotechnique de Grenoble - 1982 / 1984

Innovation, electrical engineering, brushless motors, magnetic materials

Electrical engineering school

ENSE3 Grenoble, former ENSIEG - 1979 / 1982

Languages

Fluent English

Numerous projects, customer visits & trainings with English speaking teams in **India, Brazil, China, Germany, Italy**, Ireland, KSA, Netherlands, Russia, Spain, Sweden, Portugal, UK, USA, UAE...

Notions of Tunisian Arabic & German
